

DEER CRAFT

CREATE YOUR OWN MINI DEER DECOR! YOU WILL NEED:

- 🐾 Three twigs - try to find two with buds that could look like antlers
- 🐾 Safe liquid glue – PVA or strong craft glue
- 🐾 Googly eyes or paper you can colour to look like eyes
- 🐾 Something black about the size of a pea for the nose!

STEP ONE

Choose two twigs with the most antler-like appearance and arrange them in a V shape – glue them together at the point of the V.

STEP TWO

Take your third twig and lay it across the V to make the top of the head - glue it in place on each side.

STEP THREE

Make the eyes and nose and glue them on - give your deer plenty of time to dry, then pop it up somewhere to enjoy!
