

# TIME TO SAY A GIANT FAREWELL

## MONOCHROME MARCH

Take part in your own adventure, exploring some amazing black and white animals and the journeys they can take as you move from place to place.

# MONOCHROME MARCH

## L'HOEST MONKEYS

Our L'Hoest Monkeys love to climb and use their tail to help them from place to place, can you balance like a monkey?

## PENGUINS

Amazing swimmers, our penguins are famous for their waddle, can you waddle past Penguins Rock?

## LEAPING LEMURS

Our amazing Ring Tailed Lemurs love to leap and sunbathe, do you think you can leap like a lemur?

## CHIMPANZEE

Our closest living relatives. Can you be quiet as a mouse, as you sneak past our snoozing troop?

## BUFF CHEEKED GIBBONS

Our family of Gibbons can move at 35 miles and hour through the trees, can you pretend to climb high?

## BLACK AND WHITE TEGU

These black and white giants from South America strut their way around? What's your best strut?

## GIANT CLOUD RATS

Our amazing rodents sniff the air as they search for food. Can you wiggle your nose like a cloud rat?

## PANDAS

These giants are no slouch they can bend, break and eat the toughest bamboo, can you flex your muscles like our Panda?

## ZEBRA

These nosey neighbours gracefully patrol their paddock, can you patrol like a zebra?
