

# Uganda

Uganda is a country in East Africa.

Find the countries that border Uganda.

# Rainforest

A rainforest is a forest with a heavy rainfall and usually found in tropical areas.

# Food

Chimpanzees are omnivores.

They mainly eat fruit but can also eat other small animals.

# Baby

Mum is pregnant for about 8 months.

Mum will usually give birth to one baby at a time.

# Using tools

Chimpanzees use tools for finding food and grooming.

What do you think the chimpanzee is doing in this picture?

# Logging

The Budongo forest in Uganda is a protected area but there are still people who cut down the trees illegally.

# Snares

Snares are traps usually made from wire. They are hidden in the ground to catch animals by the neck.

Do you think this will harm a chimpanzee?

# Grooming

Grooming helps the chimpanzees keep clean but it is a very important part of their social life and hierarchy\* in the group.

**\*Hierarchy** – the organising of different ranks and importance within the group.

# Research

RZSS supports the work of the Budongo Conservation Field Station.

This involves research, education programmes, and protection of the forest.
