# How to build your own

ROCKY THE ROCKHOPPER

STEP 1:

Use the pink brick and two black triangles to make feet and a tail...

STEP 2:

Use the upward and downward facing white triangles to give your penguin a tummy...

STEP 3:

Use two more black triangles to give your penguin a pair of flippers...

STEP 4:

Use a flat square brick to join the tummy and wings together. Use the flat orange brick to make a beak...

STEP 5:

Put two eye bricks on top of the beak. Fill the back of the head in with a black 2x1 brick. Join the head together with a flat square brick...

STEP 6:

Fill in the eyes, and place a flat square brick on top. Now you're done! Fabulous eyebrows are up to you; we used a pair of yellow slopes for ours!

YOU WILL NEED:

- 1x 2x4 pink brick
- 2x 2x2 white triangle bricks
- 4x 1x1 black triangle bricks
- 2x 2x2 black/white flat bricks
- 1x 2x2 orange flat brick
- 1x 2x1 flat black brick
- 2x eye bricks
- 1x 2x1 black brick
- 2x yellow bricks (Optional)

WELL DONE, YOU'VE MADE YOUR VERY OWN ROCKY!
NOW WHAT AMAZING ADVENTURES WILL YOU GO ON...?
