**Panda Pass It On Game**

**Contents:**
1 game board (in two pieces)
**Required:**
1 counter
1 playing piece
1 dice

**How quickly can you help the giant panda move through the different habitats to reach the mountain bamboo forests?**

The game can be played as a group.

At the start, place the counter on the first habitat circle - the desert. Place the playing piece on the ‘Start’ square.

Roll the dice and move the playing piece the number of spaces required. Follow instructions or answer the questions.

Each time the group completes a challenge square, the counter can move up one habitat.

The aim is to complete all the challenges so that the counter reaches the mountain bamboo forests.

If the playing piece lands on a challenge already completed, continue play.

If the playing piece lands on a question already completed, either repeat answers to reinforce or continue play.

The ‘naming’ squares are designed to be landed on a number of times and players are encouraged to think of a different answer each time.
